Dear Wayne,

As per our discussion by phone on January 10, we are running a study that could drastically affect our long range plans for our properties in Southern Utah.

Under Item 5 we still have the acreage discrepancy on the acreage within the Mountain Lion pit area, in reference to the letter from DOGM dated July 22, 1988, 80 acres of the dump was released from bond obligation. I show 53 acres inside the pit under bond. It is my intention that by mid summer we will have a plan in effect so both parties know the extent of our obligations.

Sincerely,

Roy Benson
